Dearest Mother + Sis —

A hurried note - & I'm off - to study!
First on my mind - that thing on the
bottom of my foot is increasing in size &
demonstrator, so I'm planning to have
it operated on Christmas vacation, providing
Dr. Booth will do it. I can't think
what the name of it is. but similar
to corn on bottom of foot. If it has to be
dug out I'll have it done after Xmas
so I can enjoy this Christmas since
I didn't get to last Christmas' very much.
Next Christmas I'll have my head
amputated then I'll be all better all
over. See when Dr. Booth can
see me, & if he does such things!

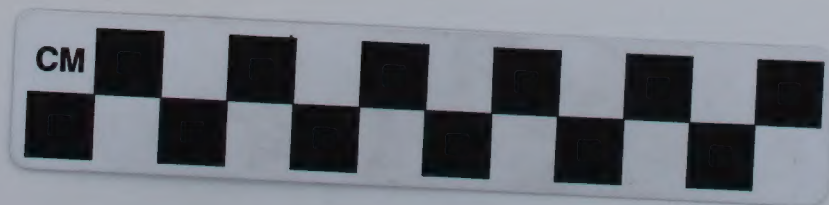

Alice - Bill, Jim & Daisy came over
Sun. about 6:15. didn't stay long
thank goodness!!! Anyhow Bill
asked me to go to C.E. with him next

2
Sunday - not having any excuse to
offer I said I might - but meanwhile
deciding definitely I didn't want to
go with him, I called up John
+ asked if he was going - told
him the reason why - he immediately
then said sure "honey" I'll take
you - so we (you + I) we go
with J.D. Sun. nite - I tell Bill
I forgot I have already an
engagement - smart ain't I. Then
if we wants to go places after
wards - J. will be there to take
us. Anyhow J. + I haven't been
to C.E. together for long time.
Mable needs a treat.

John's coming after me Fri.
afternoon about 4:00.

Is there anything special

you want me to bring home in the way
clothes !!!

I guess that's all -

you won't be able to read this !!!

Well of a week ahead! Exams, paper, etc.

Goodbye,

Love,

me
